Provide Input on the District Strategic Plan!

The Dunlap Community Unit School District has been working on the development of a 5 year strategic plan. Since September of 2009, a team of stakeholders (including parents, students, staff and community members) has been reviewing data, analyzing strengths, and identifying opportunities for improvement to determine the desired future state of the school district. Information about the strategic planning process; including committee membership, meeting resources, and a variety of data, is available on the District's web site at <http://www.dunlapcusd.net/>.

As a result of the committee's efforts, a draft of the strategic plan is now available for public review and input. On Tuesday, March 2nd at 7:00 p.m., the District will host a community forum at Dunlap Valley Middle School to share: vision, mission, core values, goals and measures of the draft plan. Committee members will present a brief overview of the strategic planning process and will engage participants in an activity to obtain input into the draft plan. Feedback from the community forum will be reviewed by the strategic planning committee when it meets to finalize the District strategic plan.

Your feedback is important!

We hope to see you on Tuesday, March 2nd at 7:00 p.m. at Dunlap Valley Middle School.

"One is hard pressed to think of any organization that has sustained some measure of greatness in the absence of goals, values and missions that become deeply shared throughout the organization."
